## Soul Reborn

Key to the Cursed, #1

The first book in the “Key to the Cursed” series was absolutely phenomenal. Anything that deals with old world deities and is written well always hooks me from the get go. This was definitely an excellent book to begin a new series.

There is a secret society of huntresses who keep humanity safe from a new threat called Revens. They have come to earth for the sole purpose of consuming humanity. Lily is one of the top Nehebkaun huntresses. On one of her nightly hunts she runs into Asar, Egyptian God of the Underworld. Due to the jealousy of an evil goddess he has been left without a soul. Both Lily and Asar are drawn together, first by a mutual goal, finding a way to stop the Revens permanently, and then by their own attraction to each other.

Soul Reborn is guaranteed to keep the reader riveted from the first page to the last. It is a great book to add some spice to anyone's life. So, sit back and enjoy the ride.

## Book Blurb for Soul Reborn

THE HUMAN REALM, HIS BATTLEFIELD.

Asar, the Egyptian God of the Underworld, has been tortured and left soulless by a malevolent goddess, relegating him to consume the very thing he was commissioned to protect. Human souls. Now an empty shell of hatred, Asar vows to kill the goddess and anyone involved in her release, but fate crosses his path with a beautiful blonde huntress who has a soul too sweet to ignore.

DEADLY SECRETS BETTER LEFT UNEARTHED.

Lilly, fearless commander of the Nehebkaun huntresses, is the only thing standing in the way of the goddess' undead army unleashing hell on earth. But Lilly has a secret--one she is willing to sell her soul to keep. If the Underworld god discovers her role in the dig that released the goddess, she will lose everything, including his heart.
